“POLITICS, POLITICS, POLITICS”

Perspectives from the House Democratic Leadership

2009 blows in winds of change to the Ohio House. Not since Representative Verne Riffe ruled the halls of the Statehouse have Democrats had much say in things. So now what? What will a Democrat agenda look like and how will it affect your business? These are just some questions we're all wondering about.

9-30-09...A Call to Action!

Federal Transportation Funding Re-Authorization Begins This Year

Speaker: Greg Cohen, American Highway Users Alliance

We all know that time and money are running out. Legislation must begin moving for the next re-authorization of transportation funding. D-day is 9-30-09. Funding must be in place by this time to keep America moving. Learn from this presentation how you fit into the strategy for ensuring your paving market is funded.

POROUS ASPHALT PAVEMENTS – YOUR EMERGING MARKET

Porous Asphalt...It's Not Just for Parking Lots Anymore. It's for Streets Too!

Speaker: Jim Huddleston, P.E., Executive Director, Asphalt Pavement Association of Oregon

Oregon is long-time user of open graded materials. Porous asphalt pavement is now taking hold in expansive parking facilities and in street construction. This presentation will discuss Oregon's experience with porous asphalt, where it's being used, its effectiveness as a stormwater management best management practice, and its competitiveness with pervious concrete.

Issues Facing the Hot Mix Asphalt Industry

Speaker: Howard Marks, Director of Regulatory Affairs, National Asphalt Pavement Association

Hear our speaker address what is happening in the industry and where NAPA is focusing its efforts. Learn about current

green construction practices and how it impacts the pavement market. Understand how contractors are getting paid for implementing work zone safety practices.

WARM MIX ASPHALT – BLAZING NEW TRAILS

WMA Implementation on a National Level

Speaker: Matt Corrigan, Federal Highway Administration

Warm Mix Asphalt is gaining momentum nationally. Why do we need Warm Mix Asphalt anyway? Just what is being done on a national level to ensure WMA is successfully implemented? What questions are yet to be answered? Our speaker will address these oft-spoken questions.

A Contractor's Perspective on Foamed WMA

Speaker: Larry Shively, The Shelly Company

Multiple methods are available to produce WMA. Foaming is one such method that has taken hold in the Ohio market. The presentation will discuss the Shelly Company's experience using foamed WMA, touching on the manufacturing process, laydown and compaction issues, plant maintenance, potential for energy savings, and Shelly's experience with WMA's impact on air emissions.
